Tyler,

Public records staff are still compiling records and will send them to you in batches as they are completed. If another request is completed that includes records you have requested, we will send those to you as well. I'm checking to see if I can get a better sense of how soon that will be.

Thanks,

Ford

Hi Ford,

Could I get an update on my record request below? Thank you.

I'm told public records staff are in the collection phase and then have to review before releasing. I should have a timeline update in a couple of days. But they are working on it.

Ford

Ford,
Wanted to follow up to see if I can get an update on this request. Do you have a projected timeline for its completion?

Thanks for the help.

Ford,
Pursuant to state public records law, I request access to and copies of all correspondence, including attachments, sent or received by staff at the governor's office from Dec. 1 to Jan. 31 concerning the memorandum of understanding dated Jan. 25, 2018, between the state of North Carolina and Dominion Energy. Correspondence should include, but is not limited to, emails, memos and text messages.

If it's helpful to include search terms, please use the following: "pipeline," "gas," "mitigation," "Dominion," "ACP," "MOU," "memo," "fund," "Duke" and "Atlantic."

I'd like copies of these records in electronic format. If you are unable to provide the records in this format for any reason, please let me know.

If applicable, please provide these records as they are processed.

Please notify me in advance of any fees associated with this request, and if my request is denied in whole or part, I ask that you justify all deletions and redactions by reference to specific exemptions in the state open records act.

If you need any additional information to fulfill this request, please let me know.
